Brett Hansen

Diploma of Website Development

Brett's outstanding achievements in his studies are recognised for the second year in a row - he was also the recipient of this award in 2015!

Brett, your teachers say you are an outstanding student and deserve this award for the high quality of work you produced in the Certificate 4 Web Development and now in the Diploma of Website Development. You are the ultimate "high achiever". You have a high level attention to detail, and always deliver beyond requirements. You produce excellent work both on the coding/programming side, as well as the design side of web development.

Brett is studious, works well on his own and with other students, where he is always happy to give his fellow classmates his time and effort in resolving their problems. He is courteous, possess great time management skills, develops websites to professional standards, and is an all-round nice guy.

We wish you every success in your further studies and your career Brett.

Congratulations.
